“ I will always remember the fun loving lady Aunt Mary was. The sisters always had great times together and laughter was overflowing when the family was together. I will never forget the visits when she would come visit my Mom. These ladies would get "dolled up" and go out to the Polish dance hall in California and show these Californians how to REALLY do the polka! Aunt Mary always had a partner to swing her! Her first visit to California, she asked to take her to a really swinging place where the young girls went so a friend of mine and I took her to Chippendale's to see the male dancers in Hollywood. My Mom wanted to sit in the back row but Aunt Mary was right up front with her abundance of single dollars and actually used a few!!!! We had a blast just watching her keep up with the young girls. She kept talking about how these young men could be movie stars one day! She was a good motivator for my Mom to get out and have fun, and they always had fun together! Good times and fun memories for loving sisters! Until we meet again...
